15th Century *Raiders*

Following the Wars of the Roses, England is once more at peace. King Edward IV of England pursues his claim to the throne of France. The French act first and one of the French raiding parties attacks the castle. Three tented encampments demonstrate 15th century crafts, cooking, weapons and armour along with a story teller. Travel back to these turbulent times.

Event is included in all standard ticket prices.

****There will be loud noises from cannon and gunfire****
