

FLOWER POWER

2018
EVENTS

-  A plant fair offers you huge choice, diversity and quality
-  Plants to suit all pockets and gardens
-  Expert advice from the growers and all British plants

"A choice of wonderful gardens to visit in the North, some gardens not normally open to the public and many old favourites.

Refreshments, free parking, children free. A great way to source plants, directly from the growers, with low mileage and all locally grown."

Judy Popley
